They will for the first time in Albany October 4, and have promised evening consisting of a hostess, professional entertainment, and a drawing for several hundred dollars worth of prizes. All to take place between 6:30 p.m. That's quite a promise to take place within 3 1/2 hours.

The Chamber of Commerce is offering a plaque to be placed on the bottom of the proposed pole suggested for erection at the intersection of Buchanan and the Freeway. Names of individuals and organizations contributing to the 100 ft. pole would be engraved on the plaque for eternity... a fine memorial to the city which still respects the African flag.

Curran Dinner Site Selected

Goodman's Restaurant, located in Jack London Square in Oakland, has been chosen as the scene of the dinner honoring retiring director of Albany Preschool, Mrs. Nell Curran.

This popular restaurant, which has been chosen for many Bay Area affairs, has recently completed extensive redecoration.

Donald Clever, nationally known designer and winner of many design awards, was responsible for designing the new facilities, featuring a three-dimensional collage of mirrors and complimentary colors set off by special lighting effects.

The dinner honoring Mrs. Curran's 32 years with Albany Preschool will begin with no-host cocktails at 6:30 p.m., followed by dinner featuring Select Boneless Capon with Supreme Sauce, according to Mrs. Betty Mowers, president of the Albany Preschool Mothers' Club.

Many past presidents of the club have already indicated they will attend. Those who have made advance reservations include: Mrs. Annette Allen, Mrs. Miriam Gershenson, Mrs. Claire Inoue, Mrs. Marge Keck and Mrs. Alice Murrow.

Tickets for the event, are \$7.50 each, and may be obtained from the Albany Times Office, 1240 Solano Avenue, or the Albany Recreation Dept., co-sponsors for the affair.

Hospital Protests

Phillip Holmes, president of the Board of Directors of Children's Hospital Medical Center, today took sharp issue with United Bay Area Crusade for listing Children's as one of 12 hospitals and clinics which have been reinstated as a result of the proposed doctor boycott of UBAC.

"All we know about this is what we read in the papers," Holmes said, "but the report is wrong. There has been no communication between our hospital and UBAC nor has there been any change in the hospital's position since formally withdrawing from UBAC last January."

Following its withdrawal from the United Crusade, Children's Hospital Medical Center launched a fund drive for \$600,000 to cover a three-year period. The campaign is nearing its goal.

"In deference to our hospital's many friends who generously supported 'Operation Urgent,' we feel it mandatory to correct this error and to reaffirm our independence," Holmes said.

Albany Library

Back to school means back to regular hours at the Albany Library, Albany Librarian Maria Jay announced. "Beginning on Sept. 7, the library will open at 12:30 p.m. Monday through Thursday instead of the recent summer hours opening at 10 a.m. every morning," she added.

With school in session and the library closed to the public in the morning, the staff will be able to arrange visits to the schools, as well as visits by classes to the library.

Friday and Saturday, the library is open from 10 a.m. until 6 p.m. The Albany Library is located at 1216 Solano Avenue.

"A DAY in the life of a pre-school director..." Mrs. Nell Curran is pictured above with just a few of the hundreds and hundreds of pre-schoolers she has taught during the 32 years she has headed the Albany Preschool. Mrs. Curran will be honored at a Retirement Dinner, Sept. 25, which will be attended by many adults (former pre-schoolers) who now have their own pre-schoolers attending her classes.

Albany Teens Join March

An army of Albany teenage volunteers under the direction of Campaign Chairman Kathy Trythall, and Northern California Teenage March Chairman Earl Rivard, will be calling on local residents on Saturday and Sunday, Sept. 25 and 26, to raise funds for research directed toward eliminating childhood diseases.

The announcement was made by Miss Trythall following her acceptance of her recent appointment by Danny Thomas, founder of St. Jude Children's Research Hospital, located in Memphis, Tennessee.

Cindy Freeman, Albany Teenage March Chairman, will spearhead a recruitment drive aimed at enlisting teenagers from every school in the Albany area, and will command a teenage volunteer corps expected to number 500. "I am confident that our teenagers will do a good job," Miss Trythall noted, "and I think

Seniors Tax Aid Deadline Nears

Senior citizens are being reminded that Oct. 15 is the deadline for filing their annual senior citizen property tax assistance forms.

More than 35,000 California senior citizens have not yet filed for their property tax assistance, according to the Franchise Tax Board, who mailed forms to those receiving reimbursements last year.

To be eligible, the claimant must be more than 65 years of age as of Jan. 1, 1970; must own and occupy his or her own home; must have paid property taxes on the home and must have a household income of less than \$3,350.

The senior citizens property tax assistance is in addition to the regular \$750 homeowners tax relief reduction.

Forms are available by writing to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, Calif.

Forms may also be obtained by contacting the office of Assemblyman Carlos Bee, 22734 Main St., Hayward.

the community will be pleased with the response of our young people to such a worthy cause."

St. Jude Children's Hospital Research was founded by popular entertainer Danny Thomas, to fulfill a pledge he made to St. Jude Thaddeus, patron saint of the hopeless, in 1937.

At that time, Thomas was an aspiring but unemployed entertainer. In desperation, he pledged to build a meaningful shrine to St. Jude if he ever found his place in life.

After becoming a successful entertainer, Thomas appealed to the youth of America to help him raise funds to build the hospital, where pediatricians and biological scientists now seek cures for childhood diseases at this unique research institution.

The hospital recently announced that it has achieved a 15 percent cure rate for children afflicted with acute lymphocytic leukemia.

In addition to leukemia and other blood disorders, research is being conducted in the areas of childhood cancer, muscle disorders, endocrine problems and nutrition.

Patients are admitted to St. Jude Hospital upon referral of their family doctor—regardless of race or creed. There is no charge for treatment.

Teenagers and adults who are interested in helping organize and conduct this campaign are invited to contact Kathy Trythall at 526-1344.

Kensington Plans Ball

Plans for Kensington's 35th Annual Fireman's Ball have been announced by Larry Barricklow, president of the Volunteer Firemen's Association.

The Ball will be held on Saturday, Oct. 9, from 9 p.m. to 1 a.m. at the Mira Vista Country Club. Music will be by the Eddy Club. Influence which also played for last year's Ball.

The tickets are \$2.00 per couple and will be sold door-to-door in the Kensington Fire District by members of the Volunteer Association. Tickets are also available at the Kensington Fire House and will be sold at the door on the evening of the Ball.

All proceeds from the Annual Firemen's Ball are used to support the activities of the Kensington Volunteer Firemen's Association.

A Free BART Ride, Appointments And Resignations Are Discussed

Councilman Richard Clark reported to the Albany City Council Monday night that BART general manager Bill Stokes has announced that service on the BART "A" line, from the City of Fremont to the MacArthur Station in Oakland will begin on March 31, 1972... just 3 years and 67 days behind schedule.

According to Clark, the line will actually begin operation on February 14, and those desiring to use the service between Fremont and Oakland, may do so free of charge until the official opening on March 31.

In another report, this one

from City Administrator James Turner, the Council heard that the city is working with the AC Transit Company to secure more parking on Solano Avenue. The transit company is cooperating as much as possible in trying to relinquish bus stop areas where feasible, and relocate them in more suitable areas. So far the city has regained 11 parking spaces and has hopes of winning a possible 9 or 10 more.

During a discussion on moving the bus stop from Solano and San Pablo, at the request of merchants in the 1100 block, the possibility of using the area in front

of the Albany Cinema was considered. Most of the councilmen thought this an ideal suggestion, as bus passengers would have good protection from the weather... thus it would be the only covered bus stop in the city. However, the City Administrator felt the AC Transit Company would not sanction this as commuters would have approximately one block to walk to transfer to buses running on San Pablo Ave.

Turner noted that talks with AC representatives will continue and he would have something more concrete to report very soon.

The Council also approved the appointment of Mrs. Georgla Castell as Director of the Albany Preschool, replacing Mrs. Nell Curran who will retire Oct. 1.

Mrs. Castell, who has been assistant to Mrs. Curran since Feb. 1, 1970, has a B.S. in Childhood Education and is currently working for her Masters Degree, and because of her excellent qualifications her salary will be five percent higher in the three steps of the position.

The appointment of Callista Hintz to the position of Assistant Preschool Director, replacing Mrs. Castell, was also approved by the Council. Mrs. Hintz will assume her new position on Sept. 16.

The resignation of one Albany Policeman and the retirement of another was accepted with regret, and the city attorney was instructed to draw up the necessary resolutions commending officer George Phillips for his eight years of service to the city. He will be working with the Sonoma County Sheriff's Department.

Former Girl Scout Issues Invitation

An invitation has been extended to all former Brownies and/or Girl Scouts and their families to attend the wedding of Thelma Vickland, former Field Advisor for Berkeley-Albany-Kensington Girl Scout Council.

Because so many of the Brownies and Girl Scouts Thelma met during her 19 years of service to the Scout Council have changed their names through marriage, official invitations cannot be sent out to them.

"Vicki," as the bride-to-be is affectionately known will be wed Sunday, Sept. 19, to Kurt Guenther of Oakland, a retired accountant. The ceremony will take place at 2:30 p.m., at the First Unitarian Church in Kensington, followed by folk dancing in the church fellowship hall.

The couple first met two and a half years ago when both were members of the Berkeley Folk Dance Federation, and have been dancing partners ever since. The group's instructors, Arleen and Henry Krentz have been invited to direct the dancing and "call" on the wedding day.

Mail Service Changes Set

Postmaster William Wollman, amplifying on a new letter mail service program recently announced by Washington headquarters, today identified areas which are to receive overnight delivery of first-class mail originating within the Berkeley area.

Postmaster Wollman said several areas contiguous to Berkeley will benefit from the next day delivery under a new mail service goal announced by Postmaster General Winton M. Blount.

These areas, the Postmaster said, include the following: Alameda County, Contra Costa County, Marin County, San Francisco County, San Mateo County and Santa Clara County. ZIP numbers 940-944, 949, 950-951, and 945-948, are included in the next day delivery category.

Postmaster General Blount on August 26th unveiled the Postal Service's new goal of overnight delivery of local area first-class ZIP-Coded letter mail deposited by 5:00 p.m.

"The Postmaster General has pointed out that this program will affect more than half of all first-class letter mail sent in the United States," Postmaster Wollman said. "So customers of every post office in the country will be benefiting from the new service goal."

Substantially more than half of the 52 billion pieces of first-class letter mail handled annually are for delivery in the city where deposited or in nearby communities.

The areas outlined today by Postmaster Wollman are those within which next delivery day service will be provided for ZIP-Coded letter mail deposited by 5:00 p.m., on weekdays, in business areas and at collection points on main thoroughfares.

The Postal Service has set October 31st as the deadline for achieving the 95 percent goal.

The couple will reside at the bride-to-be's home in Berkeley, and are planning a delayed honeymoon next May, when they will visit Vicki's son and family in Samoa, where he is working in the West Samoan mental health program.

McMahons Host Fund Raiser

A convivial heralding of Autumnal activities will be held by members and guests of Elm Branch, Children's Hospital Medical Center, from 3 to 6 p.m. on Sunday, Sept. 26, at the Albany hilltop home of Dr. and Mrs. Robert McMahon.

Co-chairmen for this popular annual event are Mesdames Canio Maffucci and Victor Perero of El Cerrito. They will be assisted by Elm Branch General Chairman Mrs. Austin Angell, with Mesdames Jerome Blank, Martin Griffin, George McDermott, Robert McFadden and Robert McMahon, all of Albany; Mrs. Austin Luttrupp, El Cerrito; Mrs. Arnold Seagren, Berkeley, and Mrs. Albert Silva, Oakland.

Live and lively musical entertainment will highlight the patio festivities with featured banjo virtuosos, including Meredith Kern, Ken Smith and Berkeley City Councilman, Tom McLaren.

Of special interest to music lovers at large will be this public announcement of another round in the never-ending "Battle for the Piano Bench." Contestants Dorothy "Keyboard Kitty" Larimer and Jerome "Flutter Fingers" Blank are presently observing the most stringent of training rules and this scheduled "encounterpoint" promises to provide even more entertainment than have earlier episodes of this musical feud.

When not tossing keyboard curves at her opponent, Albany's Mrs. Larimer serves as Public Relations Director of Children's Hospital Medical Center, while Mr. Blank is well-known in local realty circles.

Proceeds of the day will benefit the Hospital's Part-Pay Plan and medical research. Further information may be obtained by contacting Elm Branch members.

Carnival Date

"Western Days" is the theme that has been chosen for this year's carnival at Marin School. The carnival will be held on Saturday, Oct. 2, from 10 a.m. to 4 p.m.

How to get ready for frost and save a little jack.

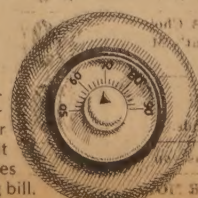

Have your furnace man check your heating system now. Also clean or replace filters if necessary. That way you'll be sure your furnace is working efficiently and is ready for winter before the first cold snap.

Weatherstrip around doors and windows. This keeps the warm air in and the cold air out where it belongs. Insulate. Good insulation in walls and ceilings can cut heating up to 45%. Which means it can pay for itself.

Don't touch that dial. Agree on a comfortable setting for your thermostat and leave it there. Frequent changes increase your heating bill.

If you follow these suggestions, you'll save heating dollars this winter. Your winter PG&E bill is usually higher than your summer one because you need more heat and light, eat more hot meals and use your appliances more. But when you think of how much PG&E energy does for you, it's still a bargain. In fact, even though inflation has forced rates up modestly after years of rate reductions, PG&E service remains your best household bargain.

New Faces at Albany High

Albany High School welcomes new faces to the faculty in September. All bring outstanding backgrounds to the assignment and will no doubt be received by the student community.

Salvatore Ferrito, a graduate of San Jose State College, joins Business Department replacing Mrs. James who resigned during the summer. Mr. Ferrito has taught previously in Southern California and has also worked as a youth counselor in the rehabilitation of teenagers with difficult problems. He is interested in various leisure time sports including skiing and tennis.

Karen Houston will be a member of the Social Studies department on a part time basis. She also works as a resource teacher part time. She is a graduate of the University of California where she was active in student and campus service organizations. Her undergraduate major was psychology. She previously taught at the high school level.

Richard Lohman brings an extensive background in electrical engineering to his assignment in the mathematics department as well as an interest in biology and geology. He has had teaching experience at the university level outside the United States in Chile, where he is married and has two children.

Students taking French may join a class taught by Val London. Miss London most recently worked in Paris, France, where she is a native speaker of French.

Jose Morales takes over the time Spanish assignments during two periods in the afternoon. He lives in Albany, is married and the father of three children.

"White Elephant Booth" on October 16; during Community Day at the El Cerrito Plaza. Margaret Cowles and Maryann Popperaden will be chairmen for the booth.

Mayor Hubert Call has taken issue with a recent report which said Albany had the highest tax rate in north county. Actually he says, the city tax itself was lowered by 14 cents this year—it is the school and county taxes which combined makes for the high tax rate.

According to a note from Administrative Officer Jim Turner, Albany is in 6th place with respect to city tax rates.

The Albany American Legion Post 292 is again deep in plans for their annual Frank Knapp Night celebration, which will be held this year on Saturday, Nov. 6. All proceeds from the event are earmarked for Veterans' hospital welfare programs and projects.

Albany Rotarians were pleased with the results of their recent fishing expedition during the District Governors visit. The Governor tripled his lifetime total catch of prize stripers (one weighing 8 pounds), and some members did equally as well.

The Albany Senior Citizens Center will soon be celebrating its 10th anniversary. This city-wide community project, spearheaded by Albany service clubs, and financed by over 1000 individual contributions, was dedicated on September 30, 1961.

Albany Lions are just a little miffed—seems that the new Deputy District Governor, George Lundquist of Oakland, made it a point of thanking them for sending him "The Harpoon." Should have been "The Lampoon"—their weekly newsletter.

Albany Rotarians reported a record breaking attendance of 57 visiting Rotarians and 3 guests, out numbering Albany Rotary members 2 to 1. Someone remarked that maybe everyone thought they were going to duplicate a recent Richmond program which made headline news.

The Old Time Vaudeville Performers will hold their annual show Saturday, October 2, at the Oakland Auditorium Theaters, 12th and Fallon Sts., Oakland, with Vern Martelle as a one-man fashion show and master of ceremonies.

This outstanding performance will include such notables as Millie Pedro Monzo, well-remembered dynamic torch singer; Norma Benedict, Evelyn Zurluh, Judy Montgomery, Benton Wigley, Dorothy Edwards, Marian Viremontes and a host of other singers, dancers and instrumental performers.

Show time will be 8:15, tickets are \$2.50 each at the box office, with no reservations. For further information call 526-9749.

The Mail Bag

To the Residents of Albany:

As mayor of the City of Albany I extend my gratitude to all present at the public discussion regarding the Solano Avenue Beautification Project at the regular City Council meeting August 31. The response of the civic-minded residents of our city is surely to be commended.

Although several fine and interesting points were offered I found the prevalent public confusion over the Beautification, reflected that evening, to be critical. It is my hope to clarify this confusion.

The Solano Avenue Beautification Project originated as an idea from the property owners along Solano Avenue in an attempt to upgrade a deteriorating street, serving mainly for motorists going to the freeway. It was an idea to save a street from ineffective lighting, overhanging wires, shops going empty, and overall deterioration due to lack of business.

This idea actualized when 65 percent of the people, representing ownership on Solano Avenue, exercised their right under the Municipal Improvement Act of 1913 and petitioned for the Solano Avenue Improvement. Cost of beautification and street lighting is personally being paid for by the property owners on Solano Avenue.

Although the Albany City Council unanimously passed the Solano Avenue Beautification with the intention to provide a beautiful street giving a major uplift to the commerce of Solano Avenue and the City of Albany overall, the Council did not initiate the project, nor its design. I strongly emphasize, therefore, that this project is not the creation of the Albany City Council, nor myself as an individual, nor any other city official. Once a majority of the property owners signed the petition it was the function of the Council, under law, to see to it that the property owners and merchants on Solano Avenue obtained the street they petitioned for.

As a result, the street plans have been in the making for approximately eight years. After securing the reputable firms of Leo D. Dalley, Leong and Mac Dougall, and Bissell and Karn, and many public hearings, with the street plans on the walls of the City Council chamber, and after many revisions the current

plan was selected by the property owners.

Much concern has been voiced regarding the half-moon structures on the street corners. Although the contract has been signed and much of the work completed, the Council is currently evaluating this situation. The half-moons serve a multiple function. They are to provide protection for autos turning onto Solano Avenue and allow the pedestrian a clearer view of oncoming traffic. I believe it important to stress the half-moon structures do not extend into the street as much as the rear bumpers of autos parked on the street before the widening of Solano Avenue.

Many questions have been raised regarding the parking situation. The Solano Avenue property owners approved the plan which called for a decrease in parking on the Avenue to be compensated by off-street parking. The Chamber of Commerce is currently working on this situation. In addition to the half-moon structures, safety in parking will be enhanced by a different colored matrix delineating the parking from the driving section of the street.

It is disappointing to all of us in Albany that the Teamsters strike has delayed the completion of the Solano Avenue Beautification Project for five weeks. Had it not been for this strike the project would be completed now. It is so difficult to evaluate the total merit of the project before it is completed.

As a community of people we must always look to the future of our city and stop deterioration at the first signs and keep our city moving forward. The Solano Avenue Beautification Project is one forward movement for the progress of our city.

Allowing for possible minor modifications, in a short time our city will have a safe, beautiful avenue with trees, kiosks, red brick crosswalks, excellent lighting, and a mail box with a snorkle for drive up mailing in front of the post office. I am sure Solano Avenue will soon be one of the most beautiful and reputable streets in the Bay Area.

Sincerely,
HUBERT F. CALL
Mayor of the City of Albany

years, will retire effective Sept. 30. His retirement was accepted with regret by the Council.

Acting upon the suggestion of Councilman Joe Carlevaro, the Council will ask the Traffic and Safety Commission to help develop a bicycle safety program for the City. Noting that the use of bicycles has almost tripled during the past few years, the Council also indicated an interest in a study relative to establishing bicycle lanes on Solano Avenue.

Council also approved a resolution commending Sarah Brockway for her service to the City of Albany. Mrs. Brockway has been acting City Clerk for the past year, and has tendered her resignation as of Sept. 30, as her husband's employment will force them to leave the area.

A work-session to discuss Mrs. Brockway's replacement was set by Mayor Hubert Call following the regular Monday night meeting.

Under the "good of the city," Alan Jenkins, appearing before the Council as a private citizen and not the Administrator of the Orientation Center for the Blind, requested the Council to endorse Assembly Bill 1440, which would set up a separate office for Services to the Blind.

Jenkins noted that the State of California is in last place as far as rehabilitation of the blind is concerned, and something must be done to improve the programs to rehabilitate our blind people and make them useful citizens again.

The bill has already passed the Assembly and the Senate Committee on Health and Welfare, and will now be coming before the Senate Committee on Finance. Jenkins asked the City Council to contact Senator John Holmahl, our representative, who is also a member of that committee, and encourage him to vote favorably on this very important bill.

More than 300 well-wishers attended the golden wedding anniversary reception of Will and Alice Crooks of Albany, hosted by their sons at Epworth Methodist Church in Berkeley. Out-of-state relatives attending included the Crooks' son Ronald, who flew in from Columbia, Georgia, and Mrs. Crooks' aunt, Millie Hall from Portland, Oregon. Other family members and friends came from Sacramento, Santa Cruz, and all Bay Area counties. Pictures of Mr. and Mrs. Crooks, from early childhood to the present, were displayed, as well as pictures of their children and grandchildren. Mr. and Mrs. Will Crooks have been Albany residents for 41 years.
